## ABOUT THIS WORKSHOP

This training will be presented by Healthy Mothers Healthy Babies Coalition of Hawai'i and is intended to support staff in working effectively on smoking cessation issues with their clients/patients. The purpose of this workshop is to provide access to effective tobacco interventions and other community resources on smoking in pregnancy and effects of second-hand smoke on their infants/children.

This training will cover basic tobacco intervention skills utilizing the Hawaii State Department of Health's Basic Tobacco Intervention Skills Certification Program. All participants will receive certification in the 6 established modules, that include:

\*Setting the Stage

\*Tobacco Basics

\*Intervention Essentials

\*Not Ready to Quit

\*Ready to Quit

\*Staying Quit or Relapse

Upon completion of this training, participants will have the necessary skills to be able to assess your clients/patients readiness to quit using tobacco, and provide appropriate materials and referrals to aid the person.

Registration is extremely limited (under 10 individuals)
